The Aceface Tennis after school tennis program is a great introduction to tennis for children who have been eager to get out and hit some tennis balls for the first time, as well as for children who have played tennis before who want to improve their skills and have an incredibly fun time doing it! We teach the fundamentals of tennis through drills, games and fun competitions. Our mission at AceFace Tennis is to develop all of our children in a way that allows tennis to contribute positively to their quality of life.
